

Program Specific Outcomes (PSO):

Upon completion, a student is expected to:

- PSO 1: Develop foundational knowledge of sociological concepts, definitions, and essential features.
- PSO 2: Understand diverse sociological theories and perspectives that have contributed to the evolution of the discipline.
- PSO 3: Connect theoretical knowledge with real-world contexts for a nuanced and critical understanding of society.
- PSO 4: Cultivate awareness of contemporary social issues through sociological inquiry.
- PSO 5: Exhibit effective communication skills through presentations on sociological and interdisciplinary topics.
- PSO 6: Produce objective, unbiased work informed by personal insights, demonstrated through research-based writing.
- PSO 7: Utilise ICT tools to enhance the learning process and research methodologies.
- PSO 8: Apply diverse sociological approaches to integrate theoretical frameworks with empirical observations.
- PSO 9: Foster creativity and critical thinking by applying theoretical and empirical insights to explore new ideas.
- PSO 10: Emerge as a competent, self-aware individual with a sense of responsibility towards societal welfare.
- PSO 11: Actively contribute to addressing local and global challenges, promoting cultural respect, environmental sustainability, and social harmony.
